

FAMILY PARTNERSHIP HUI FOCUS GROUPS

The Executive Office on Early Learning, Hawai'i P-20 Partnerships for Education, Family Hui, Head Start Collaboration Office, Department of Health, Partners in Development Foundation, The Learning Coalition, and the Hawai'i Department of Education have been working on the state's first Family Partnership Guidelines for all programs and schools serving children birth to age 8.

Tailored trainings and toolkits are being designed to ensure programs and schools are supporting families and their children in the best ways possible. We invite you to participate in a focus group. Your ideas and feedback as family members and providers will directly define the trainings and toolkits to ensure specific needs are met.
