Aloha,

We are in the process of submitting a grant application to create preschool opportunities in Hawaii. Please see the following for details about this federal opportunity: <http://www2.ed.gov/programs/preschooldevelopmentgrants/index.html>. We are eligible to apply for a preschool development grant, applications for which are due the beginning of October.

As we work on our state's application, we would like to hear your ideas. Please answer the following questions and email them to Wimmie Wong Lui at wimmie.wonglui@hawaii.gov. Wimmie will share all the input we receive with the application committee, which will review it and possibly contact you with follow-up questions.

Thanks!

GG Weisenfeld

Director, Executive Office on Early Learning
