

Executive Office on Early Learning

Report to the 2022 Legislature: December 22, 2022

History

The Executive Office on Early Learning (EOEL) was established by Act 178, Regular Session of 2012, and signed into law in June 2012. On July 1, 2015, EOEL was transferred from the Office of the Governor to become attached to the Hawaii Department of Education (HIDOE) for administrative purposes only.

EOEL is charged with developing an early learning system that shall ensure a spectrum of high-quality, developmentally appropriate early learning opportunities for Hawaii's children throughout the state, from prenatal care until the time they enter kindergarten.

Act 122, Session Laws of Hawaii 2014, appropriated \$3 million for the establishment of Hawaii's first State-funded prekindergarten program as a part of that system. EOEL launched the EOEL Public Prekindergarten Program (Program), through a partnership with HIDOE, at 18 department schools and 20 classrooms across the state starting the 2014-15 school year. The Program was statutorily established by Act 109, Regular Session of 2015.

Act 276, Session Laws of Hawaii 2019 (Act 276), placed private partnership-funded classrooms in the public schools under administrative authority of EOEL and required the following classrooms to be incorporated into the EOEL Public Prekindergarten Program:

- Charter school prekindergarten classrooms that were previously funded through the federal Preschool Development Grant;
- Weighted student formula-funded prekindergarten classrooms (HIDOE has identified only 2 such classrooms since 2019; and
- Prekindergarten classrooms to provide general education settings for children whose individualized education programs require such placement (HIDOE has identified no such classrooms since 2019).

Act 046, Session Laws of Hawaii 2020, placed charter school prekindergarten classrooms under the administrative authority of the Hawaii Public Charter School Commission (HPCSC).

Context

In School Year 2021-2022:

- The EOEL Public Prekindergarten Program consisted of 37 classrooms at 34 department across 6 islands.
 - Three schools reopened classrooms that were closed during School Year 2020-2021 due to uncertainties in funding.
- There were 3 private partnership-funded prekindergarten classrooms at 3 department schools that EOEL was informed about.

This report provides the following information on the aforementioned classrooms for School Year 2021-2022, as of December 22, 2022:

1. The number and location of classrooms;
2. Numbers of students served and aggregated by birth month as of the date on which the official enrollment count is taken;
3. Sources of funding for each classroom;
4. Quality teacher-child interactions relating to social-emotional support, classroom organization and structure, and the quality of learning experiences, as assessed using a formative assessment tool selected by the office; and
5. Child outcomes relating to all areas of childhood development and learning, including cognitive, linguistic, social, and emotional approaches to learning and health and physical development as assessed using a formative assessment tool selected by the office.

EOEL Public Prekindergarten Program – in the Department Schools
