THE SENATE THIRTY-SECOND LEGISLATURE, 2024 STATE OF HAWAII S.B. NO. <sup>2474</sup> S.D. 2

### A BILL FOR AN ACT

RELATING TO FAMILY LEAVE.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's working 2 families are not adequately supported during times of caregiving 3 and illness. According to a 2018 report commissioned by Aloha 4 United Way, entitled "ALICE (Asset Limited, Income Constrained, 5 Employed): a Study of Financial Hardship in Hawaii", forty-two 6 per cent of families in Hawaii are living paycheck to paycheck. 7 While the federal Family and Medical Leave Act of 1993 allows 8 twelve weeks of unpaid leave to employees who have worked at a 9 business that employs fifty or more employees, the majority of 10 Hawaii's workforce cannot afford to take unpaid leave to care 11 for a new child or attend to the needs of a family member having 12 a serious health condition. Hawaii law offers a modest 13 four-weeks of unpaid leave only to employees of large employers 14 having more than one hundred employees.

15 The legislature further finds that according to the Hawaii 16 Children's Action Network, seven in ten keiki have either their 17 married parents, or their single parent, in the workforce,

leaving them with no full-time caregiver. Yet, mothers who have 1 2 paid leave are thirty-nine per cent less likely to receive 3 public assistance after the birth of a child than those without. 4 Furthermore, paid family leave is associated with a twenty per cent decrease in infant mortality, greater health equity among 5 6 different racial and socioeconomic groups, and increases in 7 worker retention and loyalty. An actuarial analysis conducted in 2016 found that the annual cost to cover sixteen weeks of 8 9 leave for a Hawaii worker making \$48,000 would be around 10 fifty-eight dollars, averaging out to cost about \$1.11 per week.

11 The legislature additionally finds that in 2018, only 12 seventeen per cent of workers in the United States had access to 13 paid family leave through their employers. Women, as primary 14 caregivers of infants, children, and elderly parents, are 15 disproportionately affected by the absence of paid family and 16 medical leave. According to AARP Hawaii, there are 17 approximately 157,000 unpaid family caregivers in the State. 18 Hawaii has one of the fastest growing populations over the age 19 of sixty-five in the nation; from 2020 to 2030, the percentage 20 of people aged sixty-five and over is expected to increase from 21 19.1 per cent to 22.5 per cent of the State's population.

Page 3

Nearly one-third of those who need but do not have access to
 family leave will need the time off to care for an ill spouse or
 elderly parent.

4 The legislature additionally finds that the coronavirus disease 2019 (COVID-19) spread globally and was declared a 5 6 pandemic by the World Health Organization on March 11, 2020. 7 Upon reaching Hawaii's shores, COVID-19 became a public health emergency that infected thousands of people, overwhelmed 8 9 hospital capacities, created medical supply shortages, and 10 claimed the lives of numerous Hawaii residents. Enacting a 11 comprehensive family leave program would allow employees whose 12 family members are impacted by serious health conditions to 13 provide adequate care for their loved ones.

14 The purpose of this Act is to ensure that employees in
15 Hawaii are provided family leave insurance benefits when they
16 need to provide care for their families.

SECTION 2. Chapter 398, Hawaii Revised Statutes, isamended by adding ten new sections to be appropriately

19 designated and to read as follows:
