Chair's Report on Meetings Attended as ELB Chair: Ready Keiki Meeting

Chair Yamashita

Chair Elaine Yamashita attended (virtually via Zoom) Lt. Sylvia Luke's Ready Keiki meeting on June 27th. This was the Chair's first time attending a Ready Keiki meeting.

Chair Yamashita noted the following important points of information from the meeting:

- New classrooms will be opening this upcoming school year.
- EOEL will be taking applications both online and paper.
- Increase in the POD funding and opening up the application period has resulted in an increase of applications.
- The School Facilities Authority (SFA) has new staff including Executive Director, Ricky Fujitani and Policy & Program Officer, Cheri Nakamura.
- Schools are dealing with staffing shortages with not enough qualified staff available for DHS licensed programs. Some programs have closed classrooms due to lack of staff. Chair Yamishita stated that this is a dire need that needs to be addressed and that the board should work to support workforce recruitment, retention, compensation and benefits for early care providers.

Chair Yamishita disclosed her involvement in other groups. She stated that she will not be reporting on these groups and if voting takes place that concerns these groups she would recuse herself of voting.

- Hawai'i Careers with Young Children (HCYC); a coalition of entities working on a coherent, inclusive professional development system for early childhood educators. Chair Yamishita is the co-chair of the framework workgroup along with Brenda Watanabe of Hawai'i Community College.
- Compensation Design Team member working on a plan to increase compensation for early childhood educators in Hawai'i. The group was organized by Terry Lock's ECE3 program at UH Manoa.

<p>Public Comment Opportunity Chair Elaine Yamashita</p>	<p>Chair Yamashita opened the floor for public comments. No comments were made.</p>	
<p>V. Executive Office on Early Learning Updates Report Director Yuuko Arikawa-Cross</p>	<p>Director Yuuko Arikawa-Cross shared updates from the Executive Office on Early Learning (EOEL).</p> <ul style="list-style-type: none"> ● Director Arikawa-Cross shared that several bills EOEL had been supporting were recently signed into law by Governor Josh Green. Communications Specialist, Tara Castrovinci, attended one of the bill signing ceremonies and shared photos from the event. ● Bills that were signed include: <ul style="list-style-type: none"> ○ <i>SB 3087 SD1 HD1 CD1 Relating to Early Learning</i>; Authorizes early learning programs to be established on public school campuses and other available public buildings. ○ <i>SB 3116 SD2 HD1 CD1 Relating to the Preschool Open Doors Program (POD)</i>; Establishes that the priority of selection for participation in the POD program applies only during the priority application period that occurs to the start of each fiscal year through January 31 shall be processed continuously 	

	<p>through the fiscal year on a first-come, first-served basis.</p> <ul style="list-style-type: none"> ○ <i>SB 2475 SD2 HD2 CD1 Relating to Education</i>; Establishes the Harm to Students Registry for all early learning programs or schools and K-12 educational institutions within the state. ○ <i>HB 2227 HD2 SD1 Relating to Child Care</i>; Expands the existing exemption from state law governing child care for United States Department of Defense (DOD) certified child care providers on federal property to those operating off federal property. ○ <i>HB 2430 HD1 SD1 CD1 Relating to Summer Electronic Benefits Transfer (EBT) for Children Program</i>; Establishes and empowered the Dept. of Education (DOE) and the Dept. of Human Services (DHS) to implement measures to maximize participation in summer EBT program for keiki. <ul style="list-style-type: none"> ● Director Arikawa-Cross shared data relating to the Hawai`i birth rates. Data shows a decline in birth rates in the state from 2018 (17,027 births) to 2023 (14,829 births). ● Data taken from the birth rates can be used to understand the minimum and maximum number of spaces required to achieve Act 46 and Act 210 by the year 2032. Minimum number of spaces required would be 31,916 and maximum number would be 34,988 based on adding class cohorts identified from data sources. ● The goal by 2027 is to have enough spaces to serve the needs of 50% of the children and by 2032 to serve 100% of the children. ● Director Arikawa-Cross also shared slides from Lt. Governor's Ready Keiki Program.

Director Arikawa-Cross shared that EOEL will be opening their first Hawaiian language classrooms. Last month EOEL contracted Islander Institute to facilitate a Hawaiian language program retreat held at the Kuhuku Ranch on Hawai'i island.

- The retreat was held to bring together a cohort of experts and supporters of Hawaiian language early learning.
- Attendees included: 'Aha Pūnana Leo, Kahuawaiola at UH Hilo, The Office of Hawaiian Education (DOE), Kamehameha Schools, Charter Schools Commission, Kūlaniākea, Hānaiaulu at Windward Community College, and Kawaiaha'o Church School, as well as charter schools that currently run a Hawaiian language school and charter schools that are Hawaiian culture-focused.
- The retreat focused on the evolution of Hawaiian language early learning with EOEL seeking support, perspective, and to create a community environment for the programs and workforce that will be joining the EOEL program.

Director Arikawa-Cross shared updates in workforce development.

- The University of Hawai'i just announced an Early Childhood Education (ECED) Graduate Certificate. The ECED certificate will allow current DOE licensed teachers that may not have the early childhood credentials on their licenses the opportunity to earn these credentials.
- The early childhood educator stipend program applications are now open. Deadline to apply for Fall is July 15th.
- U.S. Department of Education is also looking for feedback regarding extending public service loan forgiveness to early childhood educators. The comment period is open through July 22, 2024.

Director Arikawa-Cross made updates on facilities expansion for ECE programs.

- She acknowledged that securing facilities can be somewhat challenging for community-based providers, therefore EOEL is taking a look at areas of needs and opportunities. She shared

again that recently passed bills such as SB3087 and HB 2227 will help will expansion.

- Preschool Open Doors (POD): Prior to Ready Keiki, the POD program was limited to \$12 million annually. In 2023 the POD funding was expanded to \$50 million annually as well as expanded to include 3 year olds as well. POD has helped to increase enrollment. Children enrolled increased from 666 in 2023 to 1,542 in 2025 (current year).

Director Arikwa-Cross also shared her highlights from the Early Care and Education Symposium last month including the take-away that you can be an agent of change.

Director Arikwa-Cross shared opportunities for education, highlighting expanding access with the following classrooms:

- Bezos Academy in Lahaina: Two free, full-day classrooms serving breakfast and lunch with free take home dinner meals.
- Hawai`i State Public Libraries; Pearl City and Waikoloa will have 2 classrooms each
- `Imiloa Astronomy Center; Hawaiian language medium with 3 new modular classrooms
- Kapolei Parkway Village; Run through PACT, state Charter preschool with 4 classrooms, 20 seats in each classroom.
- UH Manoa Children's Center; 130 new pre-k seats.

Director Arikawa-Cross shared that EOEL will have 92 total classrooms for the new school-year, 44 being new classrooms opening in August. Board member Kau`i Burgess asked if a list of the new schools is available. Director Arikawa-Cross stated that the list can be found on the EOEL website.

Director Arikawa-Cross highlighted student safety and the newly signed bill that would establish a Harm To Students Registry for all early learning programs or schools and K-12 educational institutes in Hawai`i. She clarified that because the bill is classified as “Relating to Education” it includes HAIS, DOE, EOEL and Charter schools. It

does not include anything under DHS umbrella because those are considered “Child Care” and not “Education”.

Chair Yamashita added that the terminology can be difficult. She added that DHS programs are considered “child care” and not “education” because of where the federal funds are coming from—The Childcare Development Block Grant Fund (CCDBG) and the Child Care Development Fund (CCDF).

Director Arikawa-Cross also highlighted that the summer EBT program was established to provide meals for students.

Director Arikawa-Cross welcomed new EOEL staff including 6 new State Office Teachers (ELSOTs) Cherie, Christine, Crystal, Darene, Kimberly and Phyllis. She also welcomed the new Head Start Collaboration Director, Ephraim Schwab. Dr. Schwab introduced himself and gave a brief statement on his background prior to joining EOEL.

Board Member Stephen Schatz asked a question pertaining to the No Harm To Students Registry. He asked if there has been any conversation with DHS to fix the statute. He expressed his concern that the statute could use further refinement to include DHS licensed schools.

Chair Yamashita asked if Family Child Interaction Learning Programs (FCIL) were included in the preschool enrollment numbers. Director Arikawa-Cross shared that the numbers don’t necessarily take into account FCIL, but that EOEL is aligning with Act 46 to give all children access.

Board member Nāpua Rosehill asked Director Arikawa-Cross if all 44 new classrooms are ready to open in the fall. Director Arikawa-Cross stated that they are still waiting on several education assistant positions to be filled. There are some schools that did not post open job positions early, and therefore some schools will open in August

	<p>with one staffed teacher and therefore can only take on 10 students, rather than 20. Once those particular schools are able to fill the second position, they will be able to accommodate 20 students.</p> <p>Chair Yamashita voiced concern over not having 2 teachers in every classroom, even at the 10:1 ratio. She stated it would be a health and safety issue to only have one teacher per 10 students. Board member Cheryl Cudimat asked if all classrooms would have bathrooms and stated that children should not be using the bathrooms alone unless under staff supervision in the classroom.</p>	
<p>Public Comment Opportunity Chair Elaine Yamashita</p>	<p>Chair Yamashita opened the floor for public comments.</p> <p>Jordana Ferreria commented on the Harm to Students Registry concern that was brought up by Stephen Schatz. She stated that other departments should have access to the information that is included on the registry.</p>	
<p>VI. Presentations on Chair's Expectations, Culture of Board Meetings Chair Elaine Yamashita</p>	<p>Board member Kau`i Burgess asked for EOEL to provide a report of the bills this past season they were advocating for that did not get passed in the legislative session. Director Arikawa-Cross stated that EOEL has a tracking system that is used to track which bills and will share to the board's shared Google drive.</p> <p>Chair Yamishita outlined her expectations and culture of the board for her 3-year term.</p> <ul style="list-style-type: none"> ● Have an inquiry mindset. Ask informed questions. (Anne Douglass, 6/29/24) ● Come informed. Read reports before the meeting ● Meeting times can be used for discussion and decision making.
